

CONSTRUCTION UPDATE MARCH 9, 2009

A Bigger Truck

Today, we have the real thing! A dump truck and a bulldozer arrived today to begin extending the road from in front of Edgewood Pavilion to the new Cabin Village site. Steve Johnson and Mickey Geltmacher were on hand to get the gravel moving.

Please continue to pray for the safety of the workers and that they would sense the Lord's presence as they work!

Rejoice with us as we see the Lord's work moving forward!

Keep checking the website for more updates!
